SHOT BY ASSASSIN.

M. Labori of Counsel For Dreyfus Dangerously Wounded.

COURTMARTIAL SUSPENDED.

Several Witnesses Examined at Adjourned Session.

NOTHING VERY STARTLING ELICITED.

Upon Reassembling General Mercier Was Cross-Examined, and, Owning to Labori's Absence, He Escaped Very Cheaply.

Rennes, Aug. 14.—The following bulletin has been issued:

"Maitre Labori, counsel for Dreyfus, while going to the courtroom, was shot from behind, the ball penetrating the posterior region of the thorax, on the right side, at the height of the fifth or sixth dorsal vertebra. The heavy flow of blood prevents for the moment explorations to determine the depth of the wound. The doctors hope that the ball is lodged in the muscles enveloping the vertebral column. They, however, maintain full reserve respecting the integrity of the lung and spinal cord."

Colonel Jouaust, on hearing the news of the Labori outrage, suspended the sitting of the courtmartial until 7:15 a. m.

The proceedings recommenced with the confronting of General Mercier, formerly minister of war, and M. Casimir-Perier, ex-president of France. The latter declared that General Mercier's story as to the imminence of war between France and Germany was grossly exaggerated and he complained of the action of General Mercier in moving forward troops to the frontier without consulting him.

As it was M. Labori's task to take General Mercier in hand and M. Demange, associate counsel, was quite unprepared for the task, the few questions the latter put were practically of little effect and General Mercier escaped cheaply.

Moreover, M. Demange was deeply affected by the attempt to assassinate his colleague and was quite unable to do himself justice.

M. Casimir-Perier, resuming his testimony, said he did not reply to certain of General Mercier's insinuations. "I do not wish to answer them," said the former president.

"The circumstances are too sad and too tragic for me to venom the discussion. I am master of myself and of my conscience. I would only state that General Mercier has made every effort to mix me as deeply as possible in this affair. But I have remained aloof, I affirm, during the progress of the investigation."

The former president then complains of the incorrect behavior of his subordinate toward the chief of state.

General Zurlinden Called.

General Zurlinden, also a former minister of war, testified. He traversed the old ground and declared that nothing, not even Esterhazy's confessions, had occurred to change his convictions. The reiteration by General Zurlinden of his firm belief that Dreyfus wrote the bordereau created lively excitement.

M. Demange suggested that if Colonel Fabre had not thought of examining the handwriting of the probationers the bordereau would then have been eternally buried in the archives of the ministry of war, "and," he remarked, "if this is the case, it must be evident there was nothing in the bordereau which indicted Dreyfus."

General Zurlinden, in a troubled voice, acknowledged this fact conclusively and tried to explain.

M. Demange, however, got General Zurlinden to admit that it was not until after the condemnation that the study of the bordereau seemed to indicate that it was the work of a probationer.

In reply to further questions, General Zurlinden said that in order to know the whole truth in regard to the bordereau they must have the four notes therein mentioned. They must be secured.

At this point Dreyfus interjected: "I associate myself with those words, my colonel. I also declare the truth. I only ask for the truth."

These statements caused excitement in court.

General Chanoiné next testified. He briefly affirmed his belief in the culpability of the prisoner.

The appearance of M. Hanotaux, the former minister of foreign affairs, who

followed him in the witness box, re-

awakened the interest of the audience.

M. Hanotaux declared that when, pending the notes, he foresaw the difficulties which speedily developed, his fears, he added, were fully justified, and when it became necessary to publish several official notes in order to satisfy a foreign embassy, the situation was undoubtedly grave and he forthwith requested General Mercier to cease the prosecution of the affairs under the ruling circumstance. But General Mercier was obdurate and the affair proceeded. The former minister of foreign affairs denied the allegation that he had told M. Monod that he believed Dreyfus was guilty. He was astounded at M. Monod's statement, but the latter was evidently hazy, as he had given three versions of the conversation.

M. Demange inquired whether M. Hanotaux was aware of the uncertainties connected with the translation of the telegram dated November 2, 1894.

M. Hanotaux replied that uncertainty was the rule in such cases. He was only aware of the one drawn up in the foreign office which alone was communicated to the war minister.

The representative of the government, M. Carrière, having excused M. Casimir-Perier, General Mercier and M. Hanotaux from further attendance unless summoned, the court rose at noon, adjourning until Wednesday.

DETAILS OF THE SHOOTING.

Assassin So Near It Was Impossible For Him to Miss.

Rennes, Aug. 14.—Only two or three laborers going to work witnessed the shooting of Maitre Labori.

The spot was well chosen, as the murderers could not be seen by M. Labori until they rushed out on their victim, the entrance to the lane being hidden by bushes. Moreover, they were afforded an easy means of escape by passing back through the lane which led to the country.

One of the laborers, named Patoux, who witnessed the shooting, said:

"As I was passing along the road I saw a tall man walking quickly in the direction of Rennes. He was on the towing path of the Vaine. He was attired in a dark lounge suit and wore a bowler hat. It was just as he reached the bridge crossing the stream falling into the Vaine two men, about medium height and wearing dark suits and round, soft felt hats, emerged from a rural path and entered the main road. One of them carried a heavy stick. They approached M. Labori from behind. Suddenly one drew a revolver and fired point-blank at Labori. He was so near that it was quite impossible for him to miss."

"A sharp report was heard and M. Labori threw up his arms and cried 'ho la la' (which is a common French exclamation) and fell flat upon his face, and one or two others who saw the deed ran up, but the murderers had vanished down the lane. Help was immediately sent for and the gendarmes quickly arrived, and soon afterward Madame Labori."

Suffering Great Agony.

Rennes, Aug. 14.—At 2 o'clock p. m. M. Labori was suffering great agony and the doctors, who had left the house, were hurriedly summoned to attend the patient. Colonel Jouaust called after the close of the session of the courtmartial and was allowed to see M. Labori. He expressed deepest regret at the occurrence. General Mercier followed, but the doctors declared that M. Labori could not bear such an interview in his present state, and General Mercier was obliged to go away without seeing the wounded man.

Suspect Arrested.

Paris, Aug. 14.—A dispatch from Le Mans, 130 miles south of this city, says a commissary of police has arrested at the railroad station a man named Gallon, a marine engineer, who was on his way from Rennes to Havre, whose appearance corresponds with the description of the man who attempted to assassinate M. Labori.

Admiral Dewey Ill With Fever.

Leghorn, Italy, Aug. 14.—Admiral Dewey remained on board his flagship, the United States cruiser Olympia, which arrived here from Naples, being ill with fever. The captain of the vessel received the visits of officials and others in his place. The newspapers Gazzetta Livornese and Il Telegrafo of this place have published biographies of the victor of Cavite.

Washington, Aug. 14.—In view of the growing importance of the fruit industry of this country an especial effort will be made to make an attractive showing of fruit at the Paris exposition, and Director Dodge of the agricultural department, who will have charge of the agricultural display, has prepared a circular which will be sent broadcast over the country asking for contributions to the proposed exhibit.

IN A STATE OF SIEGE.

M. Guerin's House in Paris Guarded by Police.

SURROUNDED BY FOLLOWERS

He Awaits an Attack, and Says His Fortress Is Impregnable and Supplied With Arms, Water and Provisions.

Paris, Aug. 14.—Any one visiting 51 Rue de Chabrol would see a curious sight. Within 50 yards of the house, on either side, two lines of blue-coated, white-trousered policemen prevent the passers-by from approaching the two-story building hearing a flaming sign board: "Grand Occident de France."

This is the headquarters of the Anti-Semitic league. Heavy iron shutters cover the windows and the massive door is kept closed. Within are Jules Guerin, president of the league, for whose arrest a warrant is out, the notorious anti-Jewish former mayor of Algiers, Max Regis and 40 of Guerin's most faithful followers. The "Terrasses" of the cafes across the street are filled with types of the men who are always in evidence when street troubles are in the wind, shouting "Vive Guerin!" "Vive l'Armee!" and "Down with the Jews."

Inside the house resembles an arsenal. Rifles, carbines, revolvers and cartridge belts hang round the walls and are stacked in gun racks. On the gallery round the roof 10 men with carbines on their shoulders mount guard. At the large gate below a vigilant watchman is on duty. If anyone rings, the side of the grated "Judas" is pushed aside and the visitors name and business are asked in court terms.

Inside Jules Guerin, six feet tall, broad-chested and black-bearded, commands the garrison.

"The house is impregnable," he declared to an interviewer. "The walls are 60 centimetres thick and the windows and doors sheeted with iron. We have rifles and cartridges. Whoever tries to lay a hand on us will be a dead man. We shall never surrender. We would rather blow up the house. They can cut off our water and gas; we don't care. We have 10,000 cubic metres of water in the reservoir, 2,000 bottles of mineral water in the cellar and a large quantity of petroleum."

"We do not fear starvation. We are provisioned for two months; as to taking the house by storm, let them come and try it."

M. Guerin and his garrison are becoming distrustful and probably afraid that the police may rush their citadel.

PRINTERS' CONVENTION.

President Donnelly Reports a Prosperous Condition of Trade.

Detroit, Aug. 14.—Of 400 persons present when the forty-fifth annual convention of the International Typographical union opened, 163 were delegates and 135 ex-delegates.

President Donnelly's report announced that the International union is in the most prosperous condition since 1892. The report declared that too frequent use of the strike has lessened its effectiveness. Biennial instead of annual conventions were recommended hereafter.

The committee on shorter workday reported that the membership of unions last November was 27,435. Of these, 24,967 members were in enjoyment of the nine-hour day.

Islanders In Want.

Seattle, Wash., Aug. 14.—A private letter from Captain Stamm of the revenue cutter Grant, now with the sealing patrol in Bering sea, relates that the inhabitants of Attou island, numbering 23 men and 50 women and children, were found by him in a pitiable condition from cold and hunger. Many of the children were partially naked and the women were but little better off. The only fuel on the island was a scant supply of dry wood. The Grant furnished the inhabitants rations and clothing.

In a street duel at Dallas, Tex., between Policeman A. P. Rawlings and Charles A. Daniels both were killed.

At Reading, Pa., Solomon Quinter shot and killed his wife, Annie, 48, and her paramour, Edward H. Kitzmiller, 28.

Two police officers at Denver, Tom Clifford and W. E. Griffith, were murdered by a recruit belonging to company G. Thirty-fourth infantry.

The statements of General Mercier before the courtmartial at Rennes regarding imminence of war between France and Germany excite only ridicule.

WANT ARMY MULES.

Mysterious Movements of British Army Officers in the South.

New Orleans, La., Aug. 14.—Another British army officer arrived in New Orleans from the west and joined Major Scobell and Captain Marshall at the St. Charles hotel. The last arrival was Captain Smith, a veterinary surgeon of the British army. He came direct from Kansas City.

The three officers and one other arrived in New York last Saturday a week ago on the steamer Campagna, under orders to proceed to New Orleans after visiting one or two other cities. Just why they are in New Orleans neither of the gentlemen will say, but the fact that Captain Smith is a veterinary surgeon, added to the persistent rumors that have emanated from St. Louis to the effect that the British government is after a large number of American mules for use in South Africa, gives very pronounced color to this story.

Captain Smith was seen by a reporter upon his arrival, but all he would say was: "We are here to secure certain information, the publication of which would hamper us in our work."

Later in the evening he made some inquiries concerning the local sales stables.

Officers' Names Wanted.

Washington, Aug. 14.—Secretary Root has sent telegrams to the governors of states asking for the names of two officers of each volunteer regiment in the Spanish war. As all regiments now ordered are fully officered, these must be for new regiments which the administration contemplates raising. It is thought very likely that orders for them will be issued early in the week.

Independent Order of Red Men.

San Francisco, Aug. 14.—The eastern delegates to the supreme grand lodge, Independent Order of Red Men, have arrived here. They are headed by Grand Powhattan Charles Aker of Cleveland, and Grand Secretary Fabie of Chicago. The sessions of the supreme lodge promise to be largely attended from all parts of the coast.

Former Deputy Marshal Killed.

London, Ky., Aug. 14.—Charlie Jones was shot and instantly killed by Cam Williams at East Bernstadt. Jones was formerly deputy town marshal, and at 10 o'clock he went, while intoxicated, to the home of Williams and drove him and his friends into the yard. Williams surrendered and is in jail here.

Kentuckians Murdered in Alaska.

Seattle, Wash., Aug. 14.—Hugh Kennedy of San Francisco, who has just returned here from Kotzebue sound, Alaska, brings the report that the Pickering brothers of Kentucky were murdered by natives while prospecting on the Sitawik river.

Causes Comment.

Washington, Aug. 14.—Richard Croker's praise of Bryan is causing a great deal of gossip among politicians here. His assertion that Bryan is one of the greatest men of the century and a statesman nearer than other to the people, is regarded by the Bryan men in Washington as a promise that Tammany hall will be for the Nebraskan.

Panic at Puerto Plata.

Puerto Plata, San Domingo, Aug. 14.—The people here are in wild panic. The revolution against the government is gaining ground. The situation is considered bad for the government forces. Surgeons and drugs have gone from here to Monte Christi.

Kriegerbund Meets.

Chicago, Aug. 14.—The Kriegerbund of North America convened here. President Joseph Slenker delivered his annual address. Various reports showing the prosperous condition of the bund were read. Adjournment will probably be taken Wednesday.

Surgeon Vickery's Report.

Washington, Aug. 14.—Surgeon General Wyman received the following telegram from Surgeon Vickery in regard to the yellow fever at the Hampton, Va., Soldiers' home: "All indications favorable; disinfection of quarters going on."

Eloped With the Stable Boy.

Oconto, Wis., Aug. 14.—Detroit detectives are here looking for the wife of a wealthy lumberman in Kenton, Mich., who has eloped with a stable boy. When the couple left the woman had about \$30,000 in cash with her.

Storm Bulletin.

Washington, Aug. 14.—The weather bureau issues the following bulletin: "Storm center moving north of Jacksonville, Fla. In its future course the storm will not be of unusual severity, although northeast gales with rain will prevail along the south Atlantic coast and along the middle Atlantic and New England coasts."

SULTAN IN NO HURRY.

Has Not Yet Accepted Terms of Treaty Offered by Americans.

WISHES TO LIMIT UNCLE SAM.

Natives of the Sulu Islands, While Professing Friendship, Lose No Opportunity to Indulge in Petty Acts of Hostility.

Iloilo, Aug. 14.—General Bates is still negotiating for a treaty with the sultan of the Sulu islands. The sultan is as yet unwilling to accept the terms offered by the Americans. He says that the Spaniards misrepresented to the world the nature of the treaty which he made with them, and he wishes to limit the Americans to the occupation of the town of Jolo alone. He claims the island of Sissil and the town as his own.

The Moros are friendly, but the towns of Zamboanga and Mercedes are held by the insurgents. They number 500 men, and are armed with rifles under their leader at Varez, who stated to the commander of the Castine that he desired to be neutral until the difficulty with Aguinaldo in Luzon was settled. If the latter was beaten he would surrender.

In Cebu the insurgents still hold their strong positions in the mountains. The majority of the population do not want to fight, but are hostile in spirit. The native servant of an American officer was caught by the insurgents and branded on the forehead with the word "traitor."

In the case of Iloilo the insurgents are entrenched about the nearby towns, Jaro and Moio. The rainy season prevents an active campaign, but considerable fighting may be expected in the fall. The rich natives have not returned to their homes.

The island of Negros is still unsettled. General Hughes has sent extra troops to suppress the uprising. The richer class of natives are gradually returning to their homes.

HIGH WIND AND RAIN

Remnants of West Indian Hurricane Strike the Florida Coast.

Jacksonville, Fla., Aug. 14.—Remnants of the West Indian hurricane struck here, bringing with it a very high wind and rain. The velocity of the wind was about 40 miles an hour. No damage of any importance was done here and none is reported from St. Augustine, Pablo Beach or any of the seaside resorts. The news of an approaching storm last week drove many visitors on the coast home. The wires are down south of here and nothing has yet been heard from that section. The rain continues at this place but the wind has fallen.

The Johnsons' New Venture.

New York, Aug. 14.—Albert and Tom Johnson, the American trolley car capitalists, have been seeking for some time a foothold in London and believe that their plans are about to be realized, at least partially. Surveyors in the employ of the Johnsons are now engaged in making maps of the topography of a route from London to Brighton. These, with plans of the construction intended, will be lithographed and presented to the city authorities about October 1, at which time an application will be made for the franchise.

Oil-Motor Plant.

Pittsburg, Aug. 14.—A plant for the manufacture of the Lanchester oil motor, to cost \$400,000 and to employ about 600 skilled mechanics, is to be built in Pittsburg. The company proposes to manufacture Lanchester oil motors especially for the use of large freight trucks and street cars, though it has recently secured an option on all the oil-motor patents in the United States, Canada and Mexico that are owned by the inventor, Frederick William Lanchester of Birmingham, England, who is a large stockholder in the new concern.

Navy Department Relieved.

Washington, Aug. 14.—The navy department has been greatly relieved by a dispatch from Captain Longnecker, who commands the cruiser New Orleans, now at San Domingo city, referring to his vessel and the Machias. The dispatch gives definite assurance that all is well with the two ships. It also states that quiet prevails in San Domingo, at least at those points which can be reached by the warships, as the Machias has been patrolling along the shore for some distance. The two vessels will proceed to St. Thomas to coal.

Bather Drowned.

Chillicothe, O., Aug. 14.—John Powell was drowned in the Scioto river while bathing.

WEATHER FORECAST—Kentucky, fair in eastern, fair and warmer in western portion Tuesday; fair Wednesday, with westerly winds becoming variable.

CAMPAIGN OPENED.

Col. W. P. Thorne, Eminence's Eloquent Democrat, Delivered a Rousing Speech Monday Afternoon.

Col. W. P. Thorne, Henry County's witty and eloquent son, spoke at the court house Monday afternoon, and was greeted by a large crowd. Many stood in the aisles for over an hour listening to Col. Thorne, who is an interesting and entertaining speaker.

Col. Thorne said one thing was certain in the present campaign and that was that either Senator Goebel or Gen. Taylor would be Kentucky's next Governor,—the Brown movement was simply a side issue, like the Buckner and Hindman tickets of recent years. With this fact apparent he couldn't see how any real genuine Democrat could bring himself to that point where he would vote for a Republican administration in preference to a Democratic, especially in view of the record of the present Bradley-Taylor regime.

The speaker paid a special tribute to Senator Goebel, who had worked himself up from a scrub boy, until now he is one of the foremost lawyers of the State. His references to Bryan, Blackburn and Goebel were enthusiastically applauded.

The speaker scored the Republican administration especially for appointing negro physicians to look after the insane asylums of the State. Col. Thorne said he had as much regard for the negro as any one; down at Eminence he and his brother had erected a monument to an old colored woman who helped nurse and care for their mother. But he didn't believe negro physicians ought to be appointed to doctor the unfortunate whites confined in the insane asylums. He recently called at one of the asylums and found a negro the only physician present.

To Oust Mayor Farley.

Cleveland, Aug. 14.—The movement to oust Mayor Farley from office on the allegation that he violated the Garfield corrupt practices act during the campaign for re-election have been revived. It is declared that a petition will be filed in the supreme court within a few days. There has been bitter animosity to Mayor Farley since the beginning of the street railway strike, and his political enemies are back of the movement to test the validity of his title to the office.

Spain's Greatest Need.

Mr. R. P. Olivia, of Barcelona, Spain, spends his winters at Aiken, S. C. Weak nerves had caused severe pains in the back of his head. On using Electric Bitters, America's greatest blood and nerve remedy, all pain soon left him. He says this grand medicine is what his country needs. All America knows that it cures liver and kidney trouble, purifies the blood, tones up the stomach, strengthens the nerves, puts vim, vigor and new life into every muscle, nerve and organ of the body. If weak, tired or ailing you need it. Every bottle guaranteed; only 50 cents. Sold by J. J. Wood & Son, druggists.

Chicago, Aug. 14.—The convention of the National Association of Colored Women began here. Nearly 1,000 delegates, representing about 400 organizations in every section of the country, were present. The convention opened with an address by the president, Mrs. Mary Church Terrell. At the afternoon session, Miss F. A. Riley of Pennsylvania spoke on "The Best Methods of Establishing Schools of Domestic Science." The convention will continue three days.

COUNTY COURT.

Wills of C. W. Forman, Wm. Bramel and Others Probated and Other Business Transacted at the Regular August Term Monday.

At the regular August term of the Mason County Court Monday the will of the late Mrs. Susan J. Bedford was admitted to record. Dr. Thomas Clark and Edwin P. Pogue qualified as executors, without bond as requested. She bequeathed her entire estate to Mrs. Carrie Ellen Clark, of Vanceburg, (wife of Dr. Thomas S. Clark) and Mrs. Nettie Pogue, wife of Edwin P. Pogue, of Mayslick, to be divided equally and to be theirs absolutely.

The last will of C. W. Forman was also admitted to record. He bequeathed his entire estate to his wife, Mrs. Mary Lee Forman, to be hers absolutely. She was named as executrix, without bond.

The last will of William Bramel was also admitted to record, and William P. Bramel qualified as executor, with Seldon W. Bramel as surety. He bequeathed his real estate, live stock, household goods, farming implements to his wife for life. At her death his son, W. P. Bramel, is to receive 145 acres of land, the home place, but he is to be charged for this land at rate of \$30 an acre, the proceeds to be divided equally between deceased's six children. To his daughter, Mrs. Abner Bramel, eighty-eight acres on which she resides, but it is to be charged to her at \$20 an acre, the proceeds to be divided equally among his six children. The balance of his lands, about 400 acres, at the death of his wife, together with the household goods, &c., shall be divided equally among his six children. His wife is to receive one-third of all moneys, notes and accounts left by him and the balance to be divided equally among the children. John W. Bramel, T. E. Tolle and John R. Brodt were appointed appraisers of the personal estate.

Mary S. Duryea qualified as administratrix of Harriet Mitchell, with Hattie Mitchell as surety. J. F. Barbour, James Barbour, Jr., and R. Hoeflich were appointed appraisers.

Geo. W. Stiles filed his report as guardian of Mattie and Willie Downing. Their estate consists of \$1,000 cash and \$2,600 real estate.

The last will of A. D. Ball was admitted to record. He gave his daughters, Jennie Betty, Bina Owens and Phoebe Hamilton and his son, John Ball, one dollar each. All the rest of his estate he bequeathed to his daughter, Elizabeth T. Ball, wife of Wm. H. Ball. Wm. H. Rice qualified as administrator with the will annexed, with W. H. Ball surety. Appraisers, Wm. Key, M. Welch and Howard Rosser.

Jane Garrett, who is about to come in possession of a pension of \$5,000 from the Government, appeared in court and was adjudged incompetent to manage her estate. C. B. Pearce, Jr., qualified as her committee, with John Duley as surety.

WASHINGTON, August 14.—Game postponed on account of wet grounds.

Part of the Fairview (O.) team failed to reach Maysville Saturday, much to the disappointment of the crowd at the park. Four of the players came by way of Manchester and the rest were to drive through but found some of the bridges gone as a result of Friday's storm and had to turn back. The visitors filled up with local men and three innings were played, resulting 13 to 0 in favor of the Grays.

The Fairview (O.) team telegraphed this morning that they would be here next Thursday, without fail, for a game with the Grays. Get ready and go out Thursday afternoon.

CHARLIE HAUGHABOO, of Germantown, and Miss Roxie Stevenson, of Murphysville, will be married to-morrow.

Electric Park.

"If you want to see the real thing and want to get a good long run for your money, go out to the park every night this week." That's the verdict of every individual member of the large audience that greeted the Murray-Hartl Company last night in the opening performance of their week's engagement, "My Uncle from Japan." The play itself is a clean, bright farce comedy in three acts, bubbling over with fun and laughter, the best thing of the sort ever presented in Maysville. As for the performers, they are all that anybody could ask for, and even go beyond the high reputation for excellence which they bear. It is a strictly first-class comedy company, presenting nothing but light grade farce comedy, in the most finished manner. "My Uncle from Japan" again to-night. Complete change of program Wednesday night and again Friday night. There will be no change in the price. Fifteen cents pays admission and round trip car fare. You can't get even the poorest apology for an entertainment cheaper than that. Reserved seats on sale at Nelson's.

RIVER NEWS.

A Lively Fight Expected Soon Between the Pittsburg and White Collar Lines.

[Portsmouth Blade.]

The fight now being made by the owners of the City of Pittsburg is but a starter by the owners of the independent lines of steamboats. The owners of the the City of Pittsburg have come to the conclusion that it is a fight to the death and they have prepared for the worst. They have interested the owners of the outside packets from Pittsburg to Cincinnati, and the result, according to our informant, is that the independent steamboat men will next season organize to oppose the Cincinnati company that now controls the White Collar Line.

It is claimed that the present company has practically abandoned the river this side of Cincinnati and is giving our people only a poor service with small stern-wheel steamboats, in the place of such floating palaces like the Bostona, Fleetwood, Telegraph, Big Sandy, Potomac, St. James and other boats of that class.

The present managers of the present company, it is claimed, state the trade on this end of the river does not justify any better service than they are now giving and that the small mosquito boats are good enough for the patronage they are now receiving. Perhaps so. If they furnish a fifteen cent accommodation they can only expect a thirty cent patronage.

The above is the sentiment of the friends of the City of Pittsburg and there are some of our citizens who believe there is considerable in the argument. As soon as the big boats were taken away from this trade the patronage fell off. That was natural. The Bonanza is the only big boat in the trade and her movements are so uncertain that the traveling public are afraid to wait for her. If a little business management was exercised this side of Cincinnati the independent boats would not be able to cut much of a figure. There is a trade here that will go to the first man or company that goes after it.

Sunshine up for Pomeroy to-night and Bonanza down from that point.

The coal men at Pittsburg are anxious for a good rise to enable them to ship the black diamonds now ready, amounting to about 15,000,000 bushels.

It is stated that the Rev. John Mackey, of Cincinnati, will be appointed to succeed Bishop Watterson, deceased.

As the C. and O. excursion train was leaving Oligo-nunk Sunday evening the engines ran into an open switch, and left the track. Another engine had to be sent from Garrison. The mountaineers had started a "rough house" and the engineers were watching the fight when they ran into the switch.

A Narrow Escape.

Thankful words written by Mrs. Ada E. Hart, of Groton, S. D. "Was taken with a bad cold which settled on my lungs; cough set in and finally terminated in consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for consumption, coughs and colds. I gave it a trial, took in all eight bottles. It has cured me, and I thank God I am saved and now a well and healthy woman." Trial bottles free at J. Jas. Wood's drug store. Regular size 50c. and \$1. Guaranteed or price refunded.

BIG COURT DAY.

A Large Crowd in Maysville Monday and Everybody Happy—List of Board of Trade Premiums.

Monday was the biggest court and stock sales days Maysville has had in a good long time. The streets were thronged, and it looked like old times. The business men, as a rule, were feeling especially good and were kept busy looking after their trade.

The premium of \$3 for the best buck one year old or over was awarded to Mr. John B. Peters, of Bernard. He was also awarded the premium of \$2 for the best buck lamb.

The \$5 premium for the handsomest turnout was awarded to Mr. Cal. Arthur's fancy trap drawn by a handsome black team and driven by Mr. J. Clark Rogers. Mr. Rogers' companions were Miss Marie Hunter, Miss Yellman and Mr. W. Henry Wadsworth.

Mr. Charles E. Biggers carried off the \$5 premium for the best harness mare or gelding. There were three entries and a fourth judge had to be called in to settle it.

These premiums were offered by the Board of Trade and were paid in cash.

The sale of the thirty-three double-barrel breach-loading shotguns, by Sheriff Perrine attracted several hundred people to the court house steps. These guns were bought by the county for the turnpike guards during the past year and cost about \$12 each. The bidding was lively, and the price ranged from \$6.25

to about \$14, the thirty-three bringing \$296, an average of \$8.97.

The ferryboat Laurance transported 531 people from Ohio Monday, by far the biggest day's business since stock sales were resumed in Maysville.

A big lot of live stock was on the market and brought good prices. Limestone street presented a lively scene. Auctioneer Goggin reports the following sales:

1 cow.....	\$ 37 50
8 cattle.....	260 00
1 cow.....	26 00
1 small calf.....	\$ 25
2 small steers.....	32 00
1 cow.....	41 00

1 horse.....	33 00
1 old horse.....	30 00
1 horse.....	75 00
33 guns.....	296 00

Several other auctioneers were busy, whose reports have not been received.

Superior and Kentucky DISC DRILLS

Are King and Queen of all Drills. Their superiority over all competitors are too well known to need comment; suffice it to say that we placed over sixty of these Drills the past season and have yet the first complaint from a single purchaser. On the other hand every one who used them stand ready and willing to give their testimonial as to the superior work done by them, and their unanimous verdict is if you expect to purchase a Drill this season, get either the

SUPERIOR OR KENTUCKY

and no other. Do not delay placing your orders and there will be no disappointments, as is the case each season when we are forced to resort to the river and express, which makes an additional expense. Every Drill is warranted to be just as represented. Do not allow yourself to be talked into buying some inferior Drill for the sake of saving a few dollars. Remember the cheapest is not the best, but the best is always the cheapest. Respectfully,

MR. EDWARD LANDGRAF, of this city, and Miss Lizzie Rosenberg, of Memphis, Tennessee, were united in marriage in the latter city last night. His many friends here extend congratulations and good wishes.

It is announced that Mr. George W. Stevens, of the C. and O., has determined to accept the offer of the place of Vice President and General Manager of the New York, New Haven and Hartford road. The salary of the latter place is \$15,000 a year. Mr. Stevens now receives \$10,000 from the C. and O.

Mrs. I. S. KAY is in receipt of a letter from her relative Judge Jas. R. Keaton of Oklahoma City in which he says: "To-day, I let the contract for a new ten room residence, in which I hope to entertain my friends from the Blue Grass State." Judge Keaton is a Kentuckian, prominent in Oklahoma politics and a brilliant lawyer. He visited Maysville three years ago, and is a nephew of Dr. J. P. Huff, of Poplar Plains.

DR. J. M. MCCORMACK, Secretary of the State Board of Health, received a telegram Saturday announcing that there had been discovered twelve cases of smallpox at Clementsville, Casey County. The doctor is worried over the smallpox situation. He stated that unless there was general vaccination and every precaution taken as to sanitary measures, with the advent of cold weather the disease would spread rapidly.

Last Atlantic City Excursion Thursday.

"The last is the best" of this series of Atlantic City excursions the Chesapeake and Ohio Railway, ending the series on August 17th. Round trip rate from Maysville to Atlantic City and other Jersey coast resorts is \$14. Tickets will be good on regular trains of August 17th, limited to return within fifteen days, with stop over privileges at Philadelphia, Baltimore, Washington, Covington, Va. (for Hot Springs, Va.) and White Sulphur Springs.

Ignoring the great attractions of Atlantic City the interest entered in the trip over the Chesapeake and Ohio, famous throughout America for the beauty and variety of its scenery and for the fullness of its historical interest, will make this excursion extremely popular. Through trains will run to Atlantic City without change of coaches or sleeping cars. Through dining car service and a sufficiency of equipment. For illustrated descriptive pamphlet of the C. and O. route apply to C. and O. agents, or to C. B. Ryan, A. G. P. A., Cincinnati, Ohio.

ST. FRANCES DE SALES.

This Old and Popular Academy Will Begin Its Fall Session Monday, Sept. 11th, With a Full Corps of Teachers.

The Sisters of St. Frances de Sales Academy will open their school Sept. 11th, 1899. The Sisters will make every effort to maintain the high standard of education, ethical and physical culture, which this academy has sustained from its establishment in our city. Teachers of excellence, experience and ability will be employed in every department. Modern and practical methods of instruction will be used and every care bestowed to make the academy healthy and pleasant, homelike and enjoyable.

Special attention will be given to every branch of study, and to meet these requirements Mother Borgia has fortunately secured three teachers of experience and ability from St. Frances de Sales Academy in New York, one of whom has enjoyed an enviable reputation as teacher of music in that city and will take charge of the vocal and instrumental department. The literary course comprises the best American and English authors and will be under the charge of a thorough and experienced teacher, who will also instruct in composition, letter writing and the cultivation of the conversational powers. The course of study has been carefully revised to meet the full requirements of the education of young ladies. In the primary department care will be taken to train the perceptive faculties to a quick and correct observation; in the junior department the powers of reflection and reason will be trained and prepared to enter the senior department, where the higher branches will be taught in connection with all that cultivates, graces and accomplishes a lady's education and deportment.

The Sisters cordially invite patrons, who have young ladies to educate to send to the Directress of the academy for their prospectus and examine their course of study and their rates of charges, assuring parents and guardians that they will use every effort to faithfully educate and carefully look after the health, comfort and deportment of pupils entrusted to their care and instruction.

PITHY POLITICAL POINTS.

Boilers are as untrustworthy as balky horses.

Mr. Bryan will do the boilers up brown when he comes to Kentucky.

It will be an empty honor at the best that the boilers can confer on Mr. Brown.

A man never counts for much, either in church or State, after he deserts his religion or his party.

If Mr. Brown shouldn't get the nomination at the hands of the boilers doubtless he will try boiling again.

Mr. Brown hardly imagines that it was a divided Democracy that put him into the Governor's chair, we apprehend.

We hardly suppose that Mr. Brown imagines he was elected Governor at the hands of a boiling crowd, when he was thus honored by the Democracy.

THE CHESAPEAKE AND OHIO.

Every Department of This Road Shows Improvement and Some Remarkable Increases.

Through President M. E. Ingalls, the Chesapeake and Ohio Railway Company has just submitted its annual report to the stockholders of the road for the fiscal year ending June 30, 1899. Every department of the company shows improvement and some of them show remarkable increases. Following is a table of gross earnings and expenses for the year 1889 and 1899, also showing miles operated:

	1889.	1899.
Miles operated.....	918 30	1,275 00
Gross earnings.....	\$5,290,000 00	\$12,009,839 15
Operating expenses.....	4,285,000 00	8,077,384 01
Net.....	\$1,005,000 00	\$3,932,455 14
Surplus, fixed charges.....	1,700,000 00	3,226,324 51
Surplus.....		\$76,130 63

The gross and net earnings of the company for the year just ended are the largest in its history, the gross earnings being slightly in excess of \$1,000,000 a month, and the net for the year being almost \$4,000,000. The freight earnings show a slight falling off (for reasons hereafter explained), and the passenger earnings show a large increase, due to improvement in business along the line and throughout the country generally. The expense of operation has been 67 per cent. and the net earnings have corresponded with increase, giving a clear surplus over all charges of over 1 per cent. on the common stock of the company.

The large increase in the gross earnings is due especially to the increase in the passenger department, the revenue from which was larger than during the World's Fair, the increase in this department being \$407,000. This includes, of course, earnings on the branch lines. A close analysis would show that passenger earnings on the main line of the C. and O., remarkable as it may seem, because of the territory traversed is sparsely populated, would be greater than the earnings of some of the most prosperous of the Western lines going through a populous country. This is conclusive evidence that the C. and O. is the popular route for through travel between the East and West. Passenger trains show earnings of \$1.08 per mile run—a material increase over any previous year. The General Manager reports that practically all the passenger equipment has passed through the shops during the year and has been thoroughly refitted.

Another thing deserving particular notice is the increase of average tons of freight trains to 425 tons per mile, a remarkably high average. Owing to this increase in train load, the earnings of freight trains increased to \$1.64 per mile run. The tonnage capacity of freight cars has increased from 214,299 tons to 431,270 tons.

The physical condition of the road has received the closest attention, and for rails alone, after crediting sale of old rails taken up, \$155,000 has been expended, practically all of which is for seventy-five and one hundred pound rails; 210,067 yards of ballast has been put under track, and great progress has been made during the year to replace all wooden structures on the Peninsula division with stone and iron.

The officers are very much gratified at the excellent showing made by the road last year, with prospects of improvement for the ensuing year.

CLEVELAND STRIKE.

President Bryan Says Strikers Are Just Getting Down to Business.

Cleveland, Aug. 14.—The fifth week of the second strike of the employees of the Cleveland Electric Street railway has opened. The reward of the company of \$10,000 for information leading to the arrest and conviction of persons guilty of placing explosives on the streetcar tracks has resulted in active work by scores of detectives. The company regards the strike as ended, but President Bryan says it has just begun.

"We are just getting down to business," says Bryan, "and people may expect a long struggle unless the company surrenders."

The boycott is still in force, but its effect is weakening under the strong influence now directed against it.

New Incorporations.

Columbus, O., Aug. 14.—The Bank Building and Improvement company, Bryan, capital stock \$30,000; the American Drug company, Cleveland, capital stock \$10,000; the Puritus Mineral Springs company, Cleveland, increase of capital stock from \$15,000 to \$35,000; the Amos and Davis Iron company, Centre Furnace, Lawrence county, capital stock \$25,000; the Cleveland Wheel and Foundry company, Cleveland, amendment changing name to the Mather Wheel and Foundry company; the Brotherhood company, Toledo, capital stock \$30,000; increase of capital of the Hofman Supply company, Columbus, from \$25,000 to \$100,000.

Red Bluff, Cal., Aug. 14.—The hotel at Tuscan Springs, near here, was destroyed by fire. One life was lost and the financial loss will be in the neighborhood of \$40,000.

Enquirer: "One of the pretty functions of the past week was held at the home of the Misses Fuller on Epworth avenue, Winton Place. A notable feature of the evening was a cake walk by Miss Yetta Kronback and Miss Florence Epstein. Others who deserve special mention and who added greatly to the evening's enjoyment were Misses Carrie Block, Lulu Kaiser, Tillie Junker, Emma Fortlage, Alice Seally, Mrs. Thompson, Miss Carney of Maysville."

A man talks about owning his business. But as a matter of fact his business owns him. His whole life is regulated by the demands of the business. The time at which he rises, his breakfast hour, the time given to meals, are all determined by business obligations. He rushes through lunch because he "can't spare the time from business" to eat leisurely. He won't take a rest because he is needed at the store or office. He is in fact an absolute slave to business. The results which follow this slavery are to be seen on every hand. Men dyspeptic, irritable, nervous, with drawn faces, and hollow eyes, sit at the desk or stand behind the counter until they collapse in a fit of sickness, or are taken away by heart failure. Those who cannot escape the exactions of business will find a friend in Dr. Pierce's Golden Medical Discovery. It strengthens the stomach, increases the action of the blood-making glands, increasing the vitality and physical vigor. It makes men strong and prevents those business break-downs which so often terminate fatally.
